MOUNT VERNON.

The Board of Education, at a meeting on Monday right, approved the recommendation of the Su-night, approved the recommendation of the Su-perintendent to hold the high school commence-ment exercises on the night of Tuesday, June 28, and the grammar school exercises on the following night. Both affairs will be held in School No. 1, South Fifth ave. The Committee on Buildings was authorized to arrange for the selection of architects south Fifth-ave. The Committee on bandings are authorized to arrange for the selection of architects for the new schools, in Tenth-ave., and Vernon Heights, to be completed at a cost not to exceed \$2,000 each. The site selected for the Tenth-ave, building, it was said, is not satisfactory to the lax-payers of the Second Ward, and may be changed The greater part of the time until midnight was taken up with a hearing given by the Board to Jared Barhite, principal of School No. 5. Mr. Barhite has been having some trouble with the teachers in the building, and made charges that some of them used improper means of punishment. He also charged that complaints made to the Superintendent had been ignored, so far as he was concerned, and that this official, instend of dealing with him as principal of the school, and thus preserving discipline, had transacted the affairs of the school directly with the teachers, ignoring him almost completely. Superintendent Nichols denied the charges, and presented a letter he had written to a committee of the Board. Mr. Barhite was not dismissed, but was suspended by a resolution offered by Trustee Bard, until he formulates, in writing, charges he has implied against the Board of Education.

Willard Hall was observed with exercises on Monday evening by the Woman's Christian Temperance Union.

The invitation of Coroner Banning to detectives, professional and amateur, to investigate the murger of Dr. Louis E. Bertine, and the reward of \$500 offered by the county, have attracted more than a core of amateurs to the scene of the tragely. Coroner Banning will complete the inquest on Friday night, but new evidence is scarcely expected.

Williard Hall was crowded last evening with the pupils and guests of the Misses Lockwood's school. The exercises assumed a patriotic form. The hall was draped with bunting, the programme had dainty American flags on the front page, and National hymns and songs predominated among the musical selections. The alumne association of the school occupied seats in front of the platform, and united with the pupils in the school song. After the opening prayer, by the Rev. Charles Stoddarf Lane, several choruses were sung by the entire school. Then the diplomas were awarded by Miss Lockwood, after a review of the school work of the year. The chief address of the evening was made by the Rev. Dr. Abbott E. Kittredge, pastor of the Madison Avenue Reformed Church. The ushers of the evening were Dr. Robert T. Howe, Benjamin Howe, Judson A. Doolittle, Edward L. Tilton, Jesse Lantz, William F. Gay and Frank R. Chambers, fr. The following young women received diplomas: Miss Julia Wittman Haima, Miss Francis Elmor Belcher, Miss Emilie Mead Disbrow, Miss Marion Robertson White and Miss Sadle Adele Taylor.

A stated meeting of the Westchester County Bar Association was held in the courthouse yesterday morning, Theodore H. Silkman presiding, George L. Carlisle, of New-Rochelle, and Jared Sandford, of Mount Vernon, were elected members. A resolution was adopted accepting the trust of the pormmittee, consisting of Messrs, Silkman, Wood-orth and Crumb, was appointed to secure the rmission of the Board of Supervisors to place the portrait. A committee, consisting of Messrs. Haines, Barrett and Crumb, was appointed to consider certain suggested improvements in the methods governing the calendar practice of the trial terms of the courts in the county.

The Grand Jury for the June term of the Su-

only, any indictment found by the Grand Bury of the present court might consequently be held invalid.

The Board of Supervisors is in danger of losing its meeting-room in the county buildings. There being no courtroom suitable for the holding of special terms of the Supreme Court, Justice, Dykman, it is said, has directed Sheriff Molloy to clear the Supervisors' room of desks and other obstructions so that he may hold sessions of his court there. The accommodations at the county building for the several courts are poor. The Supreme Court room is the largest apartment, and that is frequently found too small. The County Court room is a stuffy little apartment, and the Supervisors' room is not much better. The legal business of the county is rapidly outgrowing the accommodations afforded by the county buildings. In the Supreme Court Justice Dykman has handed down a decree and a long opinion in the case of John R. Drake against the New-York Suburban Water Company, the New-York City Suburban Water Company, the New-York City Suburban Water Company, and Thomas P. Wickes, as receiver of Coffin & Stanton. In the decree the Court finds the judgment entered by the Atlantic Trust Company against the New-York City Suburban Water Company, in the office of the clerk of Westohester Company, and the deed of trust or mortgage executed by the New-York Suburban Water Company, and the Atlantic Trust Company, and the Atlantic Trust Company, to the Atlantic Trust Company is the office of the clerk of Westohester Company, and the New-York Suburban Water Company is declared to be cancelled of record. The objections made were that the first company desired to erect poles, which would disfigure the streets, and the other wanted to construct conjucts and tear up the streets. The resolution to reject the applications was adopted unanimously. The Board also appointed a committee to examine into the village damage suits for street improvements.

For the last two days it has been persistently rumored in this village that James McCormick has been appointed agent and warden of the prison, to succeed Colonel Omar V. Saze. Inquiry at the prison has failed to substantiate the report, although the authorities there disclaim any knowledge of what the Department at Albany might see fit to do. If Mr. McCormick is appointed it will be in the line of a Civil Service promotion, as he has been keeper at the prison for the last twenty-five years, and is in receipt of a pension from the Government for wounds received in battle in the Civil War.

The action of the committee is of little moment to The action of the committee is of little moment to me personally. Nearly two years ago I save public notice of my withdrawal from active participation in politics. Since then I have not attended any meeting whatever of any political convention or meeting whatever of any political convention or committee. I respect however, that the Democratic National Committee has taken such action as would seem to indicate that only those who believe in the free and independent coinage of silver can remain in the party organization. I was personally opposed to that doctrine, and so notified Chairman Jones while the campaign of 189s was pending. I have not changed my views with respect to the currency question and I am still opposed to the free coinage of silver. Furthermore, I believe that the time is not far distant when it believe that the time is not far distant when it will become apparent to the masses of the Democratic party that they are being misled by those who now lead them, and that the present blind leadership of the party will be repudiated by the Democratic people of both State and Nation.

I know it is true that Mr. Bryan has stated that he counts upon the support of Fenneylvania in the Democratic National Convention of 1990, but that fact does not disturb my belief that both Mr. Bryan and free silver coinage will receive their quietus in that year, if they shall not have been effectually disposed of even before that time.

AN ACTORS' SANITARIUM.

PLAN SUGGESTED AT THE ANNUAL MEET-ING OF THE ACTORS FUND.

At the seventeenth annual meeting of the Actors ing at Hoyt's Theatre, it was decided to take steps toward the formation of a plan to build a sanita-rium. Louis Aldrich, the president of the Actors' Fund, is the father of the project. His sug-gestion, which was embodied in his annual address to the Fund, is best explained in his own words,

which are as follows:

"As a suggestion for the further improvement of the Actors' Fund, I urge that practical shape be given to a plan to purchase or build an Actors' application and a supplication under our absolute Fund sanitarium, combining under our absolute control a hospital for our indigent sick, as well as a home for the aged and helplessly infirm of our profession, together with such other purposes as shall be thought best." The annual election resulted as follows: Presi-

dent, Louis Aldrich; first vice-president, Frank W Sanger; second vice-president, John Drew; secretary, Daniel Frohman; treasurer, Andrew A. Mc-Cormick; trustees, William H. Crane, Al, Hayman, Harrison Grey Fiske, Frank G. Colter, F. F. Mackay, William A. Brady, Edwin Knowles and

Mackay, William A. Brady, Edwin Knowles and Eugene Tempklus.

Roland Reed read resolutions of condelence on the death of Thomas W. Keene. They were ordered to be spread upon the minutes.

It was decided to inquire into the case of Alfred La Brie, an actor, whose ashes are in an undertaking establishment in Eighth-ave. If the relatives permit, the ashes will be buried at the expense of the Fund.
